## SUMMARY

Experienced Flutter developer with 3 years of mobile app development and freelance project success. Skilled in Dart, database management, and cloud deployment. Passionate about creating high-quality apps and mentoring aspiring developers. A fast learner, eager to grow in a software development role and contribute to impactful projects.

---

## SKILLS

Flutter, Android, React Native, Php, Node js, Java, IoT, C/C++ , Bootstarp, AWS, Azure

---

## EXPERIENCE

### App Developer

Reinvent IT Solutions

October 2023 - September 2024, Los Angeles, California, USA

#### • Pet Social Media App

- Designed and developed RESTful APIs using Node.js and Express to power core application features:
- User Posting and Reposting: Facilitated seamless content sharing and resharing.
- Real-Time Chat: Enabled instant messaging between users for better interaction.
- Friendship Management: Implemented functionalities for friend requests, approvals, and blocking.
- Post Engagement: Allowed users to like, share, and comment on posts to enhance engagement.
- Optimized PostgreSQL databases for high performance and ensured robust data security.
- Integrated AWS services (S3 for media storage, SNS for notifications, EC2 for scalable hosting) to create a reliable, cloud-based infrastructure.

---

## PROJECTS

### Cash Voucher Management App ( Freelance )

Divine IT Service · September 2022 - March 2023

- Created a donation voucher management app designed to streamline the handling of donation vouchers and UPI payments. The app supports a four-level user hierarchy, ensuring efficient management and oversight at different organizational levels.
- Voucher Book Management: Allows users to create, track, and manage donation vouchers.
- Voucher Amount Handling: Facilitates accurate recording and processing of donation amounts.
- UPI Management: Supports UPI payments for quick and secure transactions.

### Donation App ( Freelance )

Divine IT Service · April 2021 - September 2021

- Developed a versatile donation app allowing users to contribute via cash, cheque, QR code, UPI, and virtual accounts. The app features seamless integration with multiple payment gateways, including Razorpay, Cashfree, Stripe, ICICI, and PayU, ensuring secure and flexible transactions
